Entertainment/Stage Team

Here's an opportunity to be in the limelight as a volunteer. You will be working on stage, sound & lighting equipment and assisting the Stage Manager with bands/DJ setup, sound checks, and breakdown. You will also be making sure the band members and crew have plenty of water and refreshments available during their gig. Coordinates and operates the schedule of the Main Stages.

You may be asked to ride with the chase crew as they follow the balloon and help deflate and pack up the balloon after the flight. You may also have operational responsibility. There will be "Balloon Crew Training" the weekend prior to the event on **Saturday, January 22nd, 2022**. Training will take place at the Goodyear Ballpark - the ABC11 event site.
